Stop! Look! Listen! Learn!

We are living in an age where we don't have time to do anything. Worst of all, the demands of achieving professional excellence is at an all time high. Don't let the pressure get to you. **Mark Records has an easy way to help you improve professionally** and take advantage of some extra time you may have that isn't being efficiently used.

You spend time each day commuting to and from work. Why not use that time to study scores and listen to new music. Huh? Study scores while you drive? We aren't suggesting that you study scores with your eyes, but with your ears. **Mark Records** has one of the largest selections of CD recordings that cover just about every musical selection you might wish to perform. You will be able to hear our industry's experts such as **Henry Leck, Anton Armstrong, Paul Salamunovich, Peggy Detweiler, Linda Tedford, Janet Galvan, Kenneth Davis, Jerry Blackstone, David Rayl, Z. Randall Stroope, Eric Whitacre, Jo-Michael Scheibe, Ken Fulton, Michael Mendoza**, and countless others interpret the same music you will be performing in concert or at contest. What an efficient way to drive to work! You get to hear great music, performed by great ensembles, conducted by great musicians, to help you achieve greatness in your choir.

Check out our Mark CDRom digital catalog. It's free and you can search our entire catalog by song title, composer, arranger, or any unique word. This allows you to seek and find the selections you need to help you get to the next level. If you like the old fashion paper catalog, we have that too. It makes great reading wherever you do your deep thinking. Of course, you can always visit our website, www.Markcustom.com click on the spinning CD labeled "Music Search" and search our online database as well as purchase the CDs, all from our secure website.

In this world, no one gives you something for nothing, but by purchasing a CD from **Mark Records**, you can have a master class in musical interpretation by our "vocal" leaders, all for the cost of a CD and delivered to you in the comfort of your living room, band room or vehicle.

Mark Records, helping ***you*** do your job better.
